Pradhan Mantri Khanij Kshetra Kalyan Yojana (PMKKKY)

Introduction

In 2015, Mines & Minerals (Development & Regulation) Act, 1957 was amended *inter-alia* introducing a new section 9B which provides for establishment of District Mineral Foundation (DMF) in all districts affected by mining operations. The object of DMF is to work for the interest and benefit of persons, and areas affected by mining related operations in such manner as may be prescribed by the State Government. DMFs are funded by statutory contributions from mining lease holders.

In September 2015, the Central Government framed the Pradhan Mantri Khanij Kshetra Kalyan Yojana (PMKKKY) to be implemented by DMFs and in exercise of the powers conferred under Section 20A of the MMDR Act, 1957, in the national interest directed the State Governments concerned to incorporate the PMKKKY into the rules framed by them for the DMF and to implement the said scheme.

The Pradhan Mantri Khanij Kshetra Kalyan Yojana (PMKKKY) is being implemented by the District Mineral Foundations (DMFs) of the respective districts using the funds accruing to the DMF. The overall objective of PMKKKY scheme are (a) to implement various developmental and welfare projects/programs in mining affected areas, and these projects/programs will be complementing the existing ongoing schemes/projects of State and Central Government; (b) to minimize/mitigate the adverse impacts, during and after mining, on the environment, health and socio-economics of people in mining districts; and (c) to ensure long-term sustainable livelihoods for the affected people in mining areas.

The MMDR Amendment Act, 2021 empowers the Central Government to give directions regarding composition and utilization of funds by DMFs. The Central Government issued the following directions to the State Governments with respect to composition and functions of DMF:

- a) Order dated 23.04.2021 to include MPs, MLAs and MLCs in the Governing Council in the larger public interest.
- b) Order dated 12.07.2021 to ensure that no funds shall be transferred in any manner from the District Mineral Foundations to the State exchequer or State level fund or Chief Minister's Relief Fund or any other funds or schemes and no sanction or approval of any expenditure out of the fund of the District Mineral Foundation shall be done at the State level.
- c) Order dated 24.06.2022 for the preparation of a five-year Perspective Plan for

implementation of works using DMF funds to ensure systemic development of the mining-affected area and people.

A committee was constituted in June 2022 to revisit/amend the PMKKKY guidelines for effective utilization of DMF funds. After detailed consultation with State Governments, Central Government Ministries, NGOs and other stakeholders, the following revised PMKKKY guidelines are issued under section 9B (3) of MMDR Act 1957.

1. Identification of affected areas and people to be covered under the PMKKKY

1.1 Affected areas

- a. **Directly affected areas** – Villages and gram panchayats or Urban Local Bodies (ULBs) within which the mines (other than minor minerals) are situated and are operational. Such mining areas may extend to neighboring village/town, block or district or even State.
 - i. An area within such radius from a mine or cluster of mines as may be specified by the State Government.
 - ii. Villages/wards in which families displaced by mines have been resettled/rehabilitated by the project authorities.
 - iii. Villages/wards that significantly depend on the mining areas for meeting their economic needs and have usufruct and traditional rights over the project areas, for instance, for grazing, collection of minor forest produce etc. should be considered as directly affected areas.

Provided that directly affected area is an area within such radius from a mine or cluster of mines as may be specified by the State Government but shall not extend beyond 15 km from the boundary of the mines of mineral other than minor minerals.

- b. **Indirectly affected areas** – Those areas where local population is adversely affected on account of economic, social and environmental consequences due to mining-related operations of minerals other than minor minerals. The major negative impacts of mining could be by way of deterioration of water, soil and air quality, reduction in stream flows and depletion of ground water, congestion and pollution due to mining operations, transportation of minerals, increased burden on existing infrastructure and resources.

Indirectly affected area is an area beyond the directly affected area and within such radius from a mine or cluster of mines as may be specified by the State

Government but not more than 25 km from boundary of mines of mineral other than minor minerals, irrespective of whether this falls within the district concerned or adjacent district.

- c. The DMF shall prepare and maintain an updated list of such directly and indirectly affected areas.

1.2 Affected people

- a. The following shall include directly affected persons:
 - i. 'Affected family' as defined under Section 3 (c) of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013
 - ii. 'Displaced family' as defined under Section 3 (k) of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013
 - iii. Any other as appropriately identified by the concerned gram sabha/ ULB in directly or indirectly affected area.
- b. Persons affected by mining should include people who have legal and occupational rights over the land being mined, those with usufruct and traditional rights, and those whose livelihoods have been affected due to mining.
- c. Affected families should be identified, as far as possible, in consultation with local/elected representatives of gram sabha/Urban Local Body (ULB) in directly or indirectly affected area.
- d. The DMF shall prepare and maintain an updated list of such affected persons/local communities. The list shall be revisited for updation at least once every 5 years.

2. General guidelines

- a. **Convergence of schemes** - The developmental and welfare activities to be taken up under the PMKKKY should be, as far as possible, in the nature of complementing the ongoing schemes/projects being funded by the State as well as Central Government. Activities meant to be taken up under the 'polluter pays principle' should not be taken up under the PMKKKY. However, without prejudice to the powers of the Foundation, efforts shall be made to achieve convergence with the State and the District Plans so that the

activities taken up by the Foundation supplement the development and welfare activities and are treated as extra-budgetary resources for the State Plan. The DMFs shall focus on convergence with ongoing central and state schemes for achieving the Sustainable Development Goals (SDGs) in mining affected areas. While formulating schemes, DMFs will give priority to achieving targets under Aspirational Districts Programme and Aspirational Blocks Programme.

- b. **Project Management Unit** - An amount not exceeding 5% of the annual receipts of the Foundation may be utilised for administrative, supervisory and overhead costs of the Foundation. As far as possible, no temporary/permanent posts should be created under the District Mineral Foundation. Any creation of temporary/permanent posts and purchase of vehicle by the foundation shall require prior approval of the State Government. However, minimum required staff can be engaged on contractual basis. In order to enhance the capacity of the DMFs and for effective utilization of DMF funds, the DMF with annual collection in the excess of Rs. 50 crores shall set up a Project Management Unit for planning, technical, accounting and monitoring support and the cost of such PMU may be met from administrative expenses. The PMU may engage required qualified manpower on contractual basis. Engagement of personnel for projects under the PMKKKY shall be purely contractual for a limited period only.
- c. **Endowment fund** - A reasonable sum not exceeding 10% of the annual receipts should be kept as endowment fund for providing sustainable livelihood. The districts having annual collection of Rs. 10 crore or more shall maintain an endowment fund. The endowment fund may be invested in government securities/bonds and FDs of scheduled banks and other instruments as are permitted by the State Government. The endowment fund should be used for creating & sustaining livelihoods in areas where mining activity has stopped due to any reason including exhaustion of mineral.
- d. **Affected area in more than one district** - If the affected area of a mine in one district also falls in the jurisdiction of another district (even if it is in another State), such percentage of amount collected from the mine by the Foundation, in proportion of affected areas, shall be transferred to the Foundation of the other district concerned for taking up the activities in such areas. A project that is for benefit of the affected area/ people, but stretches beyond the geographical boundary of the district should be taken up under the PMKKKY after obtaining prior approval of the State Government.

e. Implementation of Works / Contracts

- i. Works / goods may be procured by the DMF after following due procedure prescribed by the respective State Governments for such procurements. Procurement through GeM portal should be preferred.
- ii. Transfer of fund to all executing agencies and beneficiaries shall be through Direct Benefit Transfer (DBT) only into their bank account.

3. Utilisation of Funds

3.1 Scope of PMKKKY

The PMKKKY may cover the activities listed below:

3.1.1 High priority Sectors – at least 70% of PMKKKY funds to be utilized under these sectors:

- a. **Drinking water supply** – centralized purification systems, water treatment plants, permanent/temporary water distribution network including standalone facilities for drinking water, laying of piped water supply system.
- b. **Environment preservation and pollution control measures** – effluent treatment plants, prevention of pollution of streams, lakes, ponds, ground water, other water sources in the region, measure for controlling air and dust pollution caused by mining operations and dumps, mine drainage system, mine pollution prevention technologies, and measures for working or abandoned mines and other air, water & surface pollution control mechanisms required for environment-friendly and sustainable mine development. Identification of mineral-specific pollutants and their hazard potential may be done by involving reputed educational institutes/ research institutions. The fund may be allocated for the identification of the hazards, setting up air quality monitors and displays, and undertaking measures for the implementation of the recommendations of the research.
- c. **Health care** – the focus must be on people whose health is affected due to mining, creation of primary / secondary health care facilities in the affected areas. The emphasis should not be only on the creation of the health care infrastructure, but also on provision of necessary staffing (doctors/paramedical/support staff), equipment and supplies required for making such facilities effective. To that extent, the effort should be to supplement and work in convergence with the existing health care

infrastructure of the local bodies, State and Central government. The expertise available with the National Institute of Miners' Health may also be drawn upon to design special infrastructure needed to take care of mining related illnesses and diseases, mobile health care units in the mining affected areas. Group Insurance Scheme for health care may be implemented for mining affected persons.

- d. **Education** - construction of school/college/vocational training institute buildings, additional class rooms, laboratories, libraries, art and crafts rooms, toilet blocks, drinking water provisions, residential schools, residential hostels for students of affected areas and teachers in remote areas, sports infrastructure, engagement of teachers/other supporting staff, e-learning setup, other arrangement of transport facilities (bus/van/cycles/rickshaws etc.) and nutrition related programs. Financial support to students of affected areas for pursuing education in government/government aided institutions of higher education.
- e. **Welfare of Women and Children** - Special programmes for addressing problems of maternal and child health, malnutrition, infectious diseases, etc. can be taken up under the PMKKKY.
- f. **Welfare of aged and differently abled** - Special program and medical support for welfare of aged and differently abled people and financial assistance to District Disability Rehabilitation Centres (DDRCs).
- g. **Skill development and Livelihood generation** - skill development for livelihood support, income generation and economic activities for local eligible persons. The projects / schemes may include training, training kits, development of skill development center, incubation center, self-employment schemes, support to Self Help Groups and provision of forward and backward linkages for such self-employment economic activities, works to improve and showcase the arts & crafts of the affected people and areas, collection and processing of minor forest produce.
- h. **Sanitation** - collection, transportation and disposal of waste, cleaning of public places, provision of proper drainage and Sewage Treatment Plant, provision for disposal of fecal sludge, provision of toilets and other related activities.
- i. **Housing** - Provision of pucca housing for mining affected people not covered under Central or State schemes.

- j. **Agriculture:** Activities related to agriculture, horticulture and agroforestry. Assistance to farmers through trainings, support to FPOs/collectives/cooperatives, support for setting up of food processing units, storage including cold storage, marketing facilities like market yards etc., plantation, processing of medicinal herbs.
- k. **Animal Husbandry:** Promotion of livestock, poultry, piggery, fishery, feed and fodder development and supporting innovation in animal husbandry, Farmers Producer Organizations (FPOs), Self Help Groups (SHGs), Farmer Cooperative Organisations (FCOs).

3.1.2 Other priority Sectors - Up to 30% of the PMKKKY funds to be utilized under these sectors

- a. **Physical infrastructure** - providing required physical infrastructure - roads, bridges, railways and waterways projects.
- b. **Irrigation** - developing alternate sources of irrigation including check dams and diversion weirs, adoption of suitable and advanced irrigation techniques, assistance for micro irrigation facilities including drip irrigation, assistance for bore wells and pump energization.
- c. **Energy and Watershed Development** - Development of alternate sources of energy (including micro-hydel, decentralized solar or other renewable sources) and rainwater harvesting system. Development of orchards, integrated farming and agroforestry and restoration of catchments.
- d. **Any other measures for enhancing environmental quality in the mining affected district.**

3.2 Distribution of funds in directly and indirectly affected areas

- a. A minimum of 70% of the DMF funds shall be spent only in the directly affected area as specified in 1. (1.1) (a).

4. Composition and Functions of DMF

The composition and functions of the District Mineral Foundation shall be as may be prescribed by the State Government in the State DMF rules. The State Government and Union territories shall incorporate the following in the rules -

- i. The Chairman of Governing Council and Managing Committee shall be the

- District Magistrate/ Deputy Commissioner/ Collector of the district. No other person shall function as Chairman of the Governing Council and/ or Managing Committee.
